

TUESDAY'S

TOP TIP

OUR WEEKLY DOSE OF SMART BUSINESS AND FINANCE TOP TIPS

Review premises and energy costs contracts at least termly

Why?

Cost Efficiency

- Check your school's consumption, tariff and sustainability options.
- Assess efficiency projects and review funding streams which may be available.

Efficiency and Sustainability

- Benchmark consumption against similar schools.
- Plan procurement collaboratively.
- Review and revise your climate action plans which should outline how your school delivers sustainability in practice.

Useful Resources

- Crown Commercial Service
- Salix Finance
- Gov.Uk Sustainability and Leadership

Benefit

Regularly reviewing premises costs and energy contracts helps identify opportunities to reduce overall utility expenditure through measures such as renegotiating tariffs, switching to more competitive suppliers, and implementing energy efficiency initiatives.
